Happy and secure children are ready to take on the next new stage of life.

Fall 2020 Issaquah School District Programs
Covid-19

SAFETY MEASURES

Since mid-March, the BASC program has safely implemented childcare programs that enabled our students to have fun, parents to work, and our community to stay safe.

Please know that the health and safety of our students, staff, and families is our highest priority. That said, we believe that more than ever, there is a need for kids to develop social skills, make new friends, nurture their creative side, and be physically active.

To ensure the safety and wellness of our students and staff we are implementing social distancing, extra sanitation procedures, and reduced capacity and group sizes according to recommendations from the Department of Health. Each child will have to complete an attestation form, have their temperature taken, and not be showing any signs or symptoms of COVID-19 before checking in for the day.

As the situation continue to change, we will stay in touch with any updates, program changes, and closures.

MITIGATION PROCEDURES INCLUDE, BUT ARE NOT LIMITED TO THE FOLLOWING:

- Daily health screenings for staff and students
- Requiring masks at all times indoors
- Implementing small group sizes
- Limited capacity at each site
OUTDOOR PLAY & PHYSICAL ACTIVITY

Outdoor play is more important now than ever. In addition to keeping kids physically active and healthy, spending time outdoors limits opportunities to spread airborne illness. At BASC, when students are not doing school work we want them outdoors with fresh air and plenty of room to move and play.

REMOTE LEARNING & ACADEMIC HELP

We will be working to support students with all of their required distance learning. Either with a district assigned laptop or one from home, we will do our best to make sure they join their classes and complete school work as assigned. Staff will be available to help and guide, but will not be teaching or tutoring the students.

ACTIVITIES AND PLAY

We will also have a variety of craft projects, games, and other planned activities for the students both inside and outside during the day.
