

Lion Club Weekly Newsletter

January 25-29

Hi Lion Club Families!

As we prepare for potentially beginning hybrid learning for Kindergarten and first grade, I want to reassure you that nothing is changing with Lion Club! We will continue to provide care and support to both our hybrid and remote learners. I am excited to get our youngest students back into the physical classroom and I will communicate a specific plan to you all once things are more concrete.

In the meantime, we are ready to jump into February and embrace whatever excitement and changes are in store for us next month!
